Relationships and Sexuality Policy

Relationships and Sexuality Policy

We in Ballylifford Primary School view the development and implementation of a policy in Relationships and Sexuality (RSE) as an important step towards achieving our aim to develop all aspects of a child's personality and growth. The morals and values of our Catholic

Faith are the core principles that underpin the teaching of RSE.

Sexuality includes all aspects of the human person that relate to being male or female and is subject to change and development throughout life. It is a complex dimension of human life and relationships. As the learning process begins informally in the home we will endeavour to engage in full consultation with parents regarding the aims, objectives and teaching programme of this policy and their views will be considered when implementing and reviewing the policy.

Teaching RSE should provide opportunities that enable pupils to:

- Form values and establish behaviour within a moral, spiritual and social framework
- Learn how to develop and enjoy personal relationships and friendships which are based on responsibility and mutual respect
- Build the foundations for developing more positive personal relationships in later life
- Make positive, responsible choices about themselves and others and the way they live their lives.

AIMS:

In Ballylifford Primary School we aim to:

- Develop a loving pride in one's family and an active association with one's parish
- Promote an appreciation of the importance of the family unit (regardless of structure/composition)
- Enhance the personal development, self esteem and well being of each child
- Help the children to develop healthy and respectful friendships within the school and at home
- Develop an understanding of how human relationships grow and deepen through friendship, love and affection
- Promote an appreciation of the value of human life and the wonder of birth

LEARNING OUTCOMES:

The RSE curriculum should enable pupils to:

- Develop a positive sense of self awareness, self esteem and self worth

- Acquire and use an appropriate vocabulary to discuss feelings, sexuality, growth and development
- Become aware of the variety of ways in which individuals grow and change
- Develop a critical understanding of external influences on lifestyles and decision making

SKILLS:

- The recognition of the moral dimension to situations
- An understanding of the long term and short term consequences of their actions

HOW WILL WE ACHIEVE OUR AIMS?

Children will also learn on a day-to-day basis from the Christian example set by adults:

➤ **At home:**

As first educators, parents are expected to lay the foundations for all acceptable patterns of behaviour, leading by example, and sharing with school the joint task of bringing the child through to the age of eleven with a balanced understanding of life and a healthy appreciation of the human relationships they form in years to come.

➤ **At school:**

- The friendly school environment created by staff who work in the building
- The messages we give out to children through religious celebrations, assemblies, discussions, workshops etc
- The encouragement we give and the standards we uphold in terms of sportsmanship, fair play, accepting decisions
- and taking both winning and losing in the same spirit
- The respect we have for and show to all members of our community

EQUAL OPPORTUNITES:

Generally RSE will be taught in mixed groups, so that boys and girls are encouraged to work with each other and gain an understanding of each other's perspectives. However, there will be times that teachers or the school nurse will work with single gender groups, e.g. P7 Love for Life programme, to explore puberty related physical and emotional changes in both boys and girls. The programme of RSE delivered will be accessible to all pupils regardless of age, culture, disability, sexual orientation, gender or social class.

MONITORING REVIEW AND EVALUATION OF THIS POLICY:

This policy will be under periodic review. Any changes in provision or policy will be relayed appropriately. The review process will be assisted by the information from teachers, which will have been gained through the teaching situation. Feedback from parents, governors, outside agencies and pupils will also impinge on the process. Necessary changes in policy will be implemented.
